Irregular Republican Forces, Besieged in Four Courts Building, Holding Out Against Free Staters' Attack

INSURGENTS WELL SUPPLIED  
WITH AMMUNITION AND FOOD

Must Yield Soon, However, is Belief, for Water and Light are Shut off

LONDON.—By The Associated Press.—Fresh terms were offered the insurgents in the Four Courts in Dublin Thursday, says a dispatch to the Evening News, but they refused to surrender and after two hours' delay firing was resumed.

The early evacuation of the stronghold is expected, however, as the water and light have been cut off.

## Garrison Holds Out

DUBLIN.—By The Associated Press.—Rory O'Connor's band of insurgent Irish republican army men will still hold out in the Four Courts building at noon Thursday against the continuing attempts of Free State troops to dislodge it.

Firing was in progress all the forenoon and there was an especially heavy burst of fire at 11 o'clock. Sniping operations were almost incessant, with the casualties, estimated Thursday forenoon at more than fifty, hourly increasing.

## Ambush Free State Troops

The insurgents have extended their operations in other parts of the city. Shortly before noon an ambush of Free State troops was reported from College Green and the irregulars were firing various outposts. A party of Free State forces on the way for insurgent activities in a valley into a public-house in the vicinity of Wednesday's ambush. In addition to the various organized operations of the insurgents, their sympathizers in several parts of the city, acting as snipers, made many attacks on Free State soldiers.

## Plenty of Supplies

Meanwhile, the rebels from O'Connor's men to the firing on the Four Courts were fed. The garrison, which is believed to number about 100, is said, however, to have unlimited supplies of ammunition and plenty of provisions.

The last morning feature of the situation from the provisional government standpoint is the fact that the insurgents are developing activities along guerrilla lines, particularly in the form of ambushes. Many of the insurgents wear uniforms and the Free State soldiers, like the British before the truce, are exposed to attack while traversing narrow streets to and from their barracks.

## Communication Cut Off

Direct telegraphic communication between Dublin and the north and west of Ireland is practically at a standstill.

Both sides have been active in the issue of manifestos, three statements having been given out by the government within twenty-four hours, while both Rory O'Connor and Eamon de Valera have made appeals to the people for support. Mr. De Valera's paper, the Republic of Ireland, which issued O'Connor's communique as a stop-press supplement, was posted on walls in various parts of the city. The communique was accompanied by an editorial saying:

"In Rory O'Connor and his comrades lives the unbought and indomitable soul of Ireland."

## Capture Regulars

DUBLIN.—By The Associated Press.—The irregular Irish forces have captured seventeen soldiers of the provisional government in the Leinster street area, according to a report late Thursday afternoon which could not be officially confirmed.

## Railway Station Fired

LONDON.—By The Associated Press.—An unconfirmed report was received here Thursday afternoon that the railway station at Foyne, twenty miles from Limerick, occupied by Irish provisional government troops, was attacked and set on fire.

## Appeal for Support

DUBLIN.—By The Associated Press.—An impassioned plea "for all citizens of the Irish republic" to rally to its support in "this supreme test of the nation's destiny" is contained in a proclamation issued by the Irish army insurgents who are holding the Four Courts against Free State forces. The proclamation reads in part as follows: "Gallant soldiers of the Irish republic stand firm in its defense and worthily uphold their noblest traditions."

BIELASKI, HELD FOR RANSOM  
BY MEXICAN BANDITS, MAKES  
HIS ESCAPE ON FOURTH DAYELUDES HIS CAPTORS  
BEFORE THE RANSOM  
MONEY IS PAID OVER

Bandits Withdraw from Camp Where Forty Americans Were Held Prisoners

MEXICO CITY.—By The Associated Press.—Escaping from his bandit kidnappers after four days of captivity, A. Bruce Bielaski, former head of the American department of justice investigation bureau, has returned to Mexico City, covered with dust. Bielaski was taken to his apartment where his wife and half a dozen friends greeted him.

His friends declared the former American official had escaped at Toluca, walking to Cuernavaca, near where he was captured last Sunday while molaring.

Jules Leonard, head of the Mexico City banking firm, which is understood to have furnished the \$10,000 for the ransom on the order of Mr. Bielaski's New York company, said he had been authorized to state that Bielaski eluded his captors before any money was paid.

## Abandon Captured Camp

WASHINGTON.—Mexican rebels who seized the Azteca camp of the Cortez Oil company in the Tampico region Sunday, holding the property and the American employees for ransom, withdrew Monday without damage or injury to the employees, but with threats to return, Consul Shaw at Tampico today advised the state department.

The department received a later message, however, which said the same rebels Wednesday seized a camp of the La Corona Oil company, a Dutch-British concern, in the same vicinity and were holding eighty-five employees, including about six Americans.

## U. S. Demands Protection

The dispatch did not indicate whether ransom had been paid in the case of the Azteca camp, which is an American owned concern. On the strength of the second message the state department directed the embassy in Mexico City to make new demands on the Mexican government for protection of the Americans employed by the Dutch-British company.

## President Scouts Report

SAN FRANCISCO, Calif.—President Alvaro Obregon of Mexico, in a telegram to the San Francisco Chronicle Wednesday night, said that news from Tampico of Americans held captive by bandits was "absolutely untrue" and that he was "absolutely sure" that the bandits were "only one of the many lawless bands" which characterized the situation in Mexico and which he was determined to create unfavorable opinion between the two nations.

Goal of Campaign Set at 950 Members by July Tenth

With Wednesday's figure of 642 memberships left in the drive, the membership campaign of the Chamber of Commerce is still going strong. Several have been signed up since the last figures were issued, and the teams are still at work on the drive which will extend to July 10.

There are at least 125 plural memberships still out which are considered certain by the officers of the chamber. These have not yet been signed up because the men having authority to sign for them are at present out of town. Team captains and others are confident that the total membership by July 10 will be 950, and that in the near future the mark will reach one thousand.

First in Team Events; Charles Pouzar Wins Singles

The next triennial convention of the Bohemian Catholic Sokol of the United States will be held in La Crosse in 1923. This gathering will bring 400 turners and young women athletes to this city. The dates for the meeting will be determined by a local committee.

A delegation of seven Sokols returned today from the district meeting at Cedar Rapids, Ia., with honors gained after competing in contests in which representatives of five states participated.

The turners in the La Crosse team are Charles Pouzar, E. Sedivy, W. Uhler, George Wseteck, Frank Spika and George Bell.

Charles Pouzar won first prize in all events in the contests, in which turners from Wisconsin, Iowa, Illinois, Minnesota and Missouri participated.

W. Uhler won third prize in apparatus work. The La Crosse team won first prize in the team events.

J. J. Frisch was delegate to the convention at Cedar Rapids.

GENERAL CHEN WHO  
CAPTURED CANTON IS  
VICTIM OF ASSASSIN

Report of Murder of Wu Leader Received in Manila But Confirmation is Lacking

DR. SUN REFUSES TO YIELD  
PRESIDENCY OF SOUTH CHINA

Confident He Will be Able to Re-establish Himself in Canton

MANILA.—By The Associated Press.—Cheng Chiang Ming, whose recent coup drove from Canton Sun Yat Sen, president of the South China republic, has been assassinated, according to a cable dispatch received here Thursday from Shanghai by Kongkipto, a local Chinese daily identified with the adherents of Sun Yat Sen. Reuter's News Agency fails to confirm the report.

"Young China," Chinese language newspaper published here, announced Thursday it had received from Hong Kong a report that Chen had been shot and wounded seriously at a meeting with leaders of his own troops ten miles from Canton.

General Chen Chiang Ming, after capturing Canton, notified the northern leaders that he was ready to join them in their movement to reinstate China under central government at Peking. He proposed that the provinces be given an autonomy similar to that of the states in the United States. General Wu expressed hearty accord with this principle.

## Dr. Sun Holds On

CANTON.—By The Associated Press.—Undismayed by reports of further support for the move to unify China along lines which he has not approved, Dr. Sun Yat Sen is holding on to the presidency of the Canton government with a tenacity apparently equal to that with which he clung to the ideal of a Chinese democracy in the days before the Manchus were overthrown.

Dr. Sun has set up his headquarters at the naval college at Whampoa, near here, and is firm in his declaration that when his army of invasions returns from Kiangsi province he will be able to retake Canton and reestablish the regime of which he is the head.

## Plan Federated Republic

Politically, the most recent developments all hinge on proposals for formation of an "United States of China." Establishment of such a government based on the lines of the American government, had been advocated warmly by Chen Chiang Ming, who, indeed, cited such a move as a condition of his adherence to the unification movement, and Wednesday was approved formally by Wu Pei Fu, principal leader under the Peking administration, according to dispatches from that city.

Wu predicted that China, as she progressed, would be found adopting American ideals to an extent greater than is evident in any other country.

## Japan Protests

TOKIO.—By The Associated Press.—Japan is preparing to file a protest to Peking against the burning by Chinese bandits of the Japanese consulate near Chientao, a town in Manchuria just across the Korean border. Special dispatches from Seoul, Korea, report three Japanese killed at Chientao and the hospital and thirty houses burned.

Earlier advices from Seoul had reported the Japanese consulate at Chientao destroyed by bandits but advices from the foreign office denied this stating that it was a sub-consulate which had been destroyed. The foreign office advices added that buildings adjoining the sub-consulate also were put to the torch.

Youth Struck by Auto Here Still in Semi-Conscious Condition

Donald Diggin, 7, Minneapolis youth visiting here, sustained a fractured skull and still remains in a semi-conscious condition as a result of being struck by the automobile of Robert Schultz, 805 South Fifth street, at the corner of Sixth and Main streets, during the circus parade Wednesday noon. This announcement was made Thursday afternoon at Grandview hospital, where the child has been confined since the accident.

An X-ray made Wednesday at the hospital revealed that the skull was fractured, which was suspected when the child remained but partly conscious after being struck. Dr. Anderson stated, however, that there were hopes for the boy's recovery.

OPERATORS ACCEPT  
INVITATION TO TALK  
OVER COAL STRIKE

Forty Expected to Attend Conference to Find Way to Open Negotiations

LABOR LEADERS GRATIFIED  
OVER U. S. INTERVENTION

Employers Withhold Comment on Action of Government

WASHINGTON.—Secretary of Labor Davis announced Thursday that bituminous and anthracite coal operators had accepted the invitation extended Wednesday night by President Harding to meet at the White House Saturday with miners' officials to devise methods upon which negotiations for the settlement of the coal strike can be initiated.

Secretary Davis said he was unable to say whether the president or another would open the conference. Other officials believed Mr. Harding would open the meeting, address the gathering and then retire. It is probable Secretaries Davis and Hoover will then represent the government and there was also a possibility that a department of justice representative might be included. It is unlikely the public will be admitted to the gathering, and the total number of conferees is likely to be under forty.

Harding to Do the Talking  
Attorney General Daugherty discussing the situation said that the president "has the matter well in hand and he will do the talking until it devolves on the department of justice to take steps necessary in the interest of the production of the coal and the continuance of transportation."

Acceptances from a number of the miners' union district presidents were received at the White House but considerable doubt existed as to the employers to speak for the bituminous field. At the White House it was said that A. M. Ogilvie, president of the National Coal association would name the bituminous operators who are to attend.

Union participants pointed out that identity of the bituminous operators would be important, since a large number of individual operators were considered to be willing to end the strike while another large number was said to be willing to face continued tie-up rather than yield. It was evident, however, that the government intended to place the responsibility for the selection of a representative group of operators upon the National Coal association, the choice of the trade organization in the bituminous industry. Secretary Hoover's view is said to be that two operators from each of the eight chief geographical producing districts be named.

## Union Leaders Pleased

Mr. Lewis and his supporters privately expressed elation over the government's demonstrated intention to intervene for a settlement. The union spokesmen are emphatic in declarations that they intend to insist first upon the resumption of coal mining under the war time wage schedule and second to demand the usual national wage agreement in the bituminous field. The anthracite discussions hinge entirely on the wage matter, but the bituminous controversy has the question of district versus national settlement as a chief issue.

While operators have refrained from general comment in Washington, labor department officials who have been watching the strike have established the idea that numbers of the operators desire a settlement. President Lewis was said to have received a large number of communications from operators in various localities, notably in Illinois, where the Herring events attracted wide attention last week, indicating a willingness to treat with the union on a basis of the war time wage scales and working conditions if it will allow them to reopen mines.

UNION AND RAIL CHIEFS  
CALLED TO MEET FRIDAY  
AS STRIKE CALL GOES OUT

Formal Notice of Strike Call, Effective Saturday Morning at Ten O'clock, Filed With Federal Board; Service Department Workers to Remain at Work

CHICAGO, Ill.—By The Associated Press.—The United States labor board Thursday cited the national officers of the six shopcraft unions, the Railway Executives now meeting here, and the officers of four other railroad unions, to appear before the board Friday afternoon in an inquiry into "the threatened interruption of traffic."

In addition to the shopmen whose strike order already has been issued, the four other unions cited, now taking a strike vote, are the clerks, maintenance of way, stationary firemen and oilers, and signalmen.

B. M. Jewell, leader of the shopmen, Thursday served formal notice on the railroad labor board that a strike call had been issued "on all railroad and Pullman operating department local lodges of the six shop crafts."

The meeting of the railway executives and heads of the unions was set for two o'clock Friday by the labor board, when the formal notice of the strike call was received from the shopmen announcing the date for the walkout as next Saturday at 10 a. m.

At the offices of the railway labor board it was stated that Sec. 3131 of the transportation act of 1920 gives the railway labor board power to cite national officials and deputies of labor organizations. The section as made public at the office of the labor board follows: "The labor board, in case it has reason to believe that any decision of the labor board, or of an adjustment board, is being violated by any carrier or employee or subordinate official or organizations thereof, may upon its own volition after due notice and hearing to all persons directly interested in such violation, determine whether in its opinion such violation has occurred and make public its decision in such manner as it may determine."

Attend "Under Protest"  
B. M. Jewell declared he personally would attend the meeting called by the labor board, "only under protest," and that he could not speak for the six shopcraft presidents until he had consulted with them. Several of them are said to be on their way to their headquarters to direct strike operations.

Instructions governing the conduct of the strike, prepared at shopmen's headquarters here and sent to general chairmen of the unions on all roads, warn all officers and members against acts of violence or destruction of property.

Daily meetings of the employees are directed with the secretary of the executive committee in charge of the strike at each point holding a daily roll call.

## Warn Against Disorder

The instructions also provide for "necessary pickets" and place these under the authority of the executive committee, warning the pickets and all other members against association with disorderly persons. Local representatives were instructed to secure a suitable hall for general strike headquarters.

Three members of each of the shop crafts were named to constitute the local executive committees.

## Strike is Authorized

CHICAGO, Ill.—By The Associated Press.—Strike orders signed by the six craft presidents of the railroad shopmen's organization, were sent out Thursday to general chairmen, representing 400,000 men authorizing a strike at 10 a. m. July 1 "on all (Continued on page six)

SPECIAL JURY IS  
CALLED TO PROBE  
HERRIN MINE WAR

Coroner Investigating Reports that a Number of Bodies Were Buried at Mine

MARION, Ill.—By The Associated Press.—A special grand jury on July 10 will begin to investigate the massacre last week of non-union men by union striking miners near Herring, Circuit Judge Hartwell definitely announced Thursday.

Simultaneously with this announcement, Coroner McGowan began excavation of the Southern Illinois coal company's strip mine, where the non-union men were employed, following rumors that a number of bodies were buried at the mine.

Maintenance Men Go Back  
HERRIN, Ill.—Maintenance crews including pumpmen, who quit work Monday following warnings to leave their posts at several mines of the Madison Coal company at Cartersville, near here, were to return to work today with the assurance of union officials that they would not be molested in caring for the mines during the strike.

## M'CORMICK TO SUE NEWSPAPERS WHICH USED GLAND STORY

Chicago Man Resents Report that He Purchased Gland from Another Man

CHICAGO.—Harold E. McCormick Wednesday for the first time broke the silence he has maintained since he went, almost three weeks ago, to Wesley Memorial hospital for his now famous operation. To a newspaper representative he said that it is his intention to sue for libel every newspaper which has published the report that he purchased a gland of another man to be grafted into his own body.

With this as the first count of his libel suits other counts in the suits, he declared, will include charges of telephone tapping, invasion of his sickroom, the surrounding of his house, and trespass upon his property.

The International Harvester company head made it plain that while he has relished none of the publicity attendant upon his recent visit to the hospital, he is chiefly and considerably incensed at the repeated stories that he has taken advantage of the unfortunate circumstances of a fellow man to deprive him of a vital organ.

Denied by Surgeon  
"That is utterly untrue," said Mr. McCormick, and he pointed out that when the rumor first became current, Dr. Victor D. Lespinasse, who attended him in the hospital, issued a categorical denial of all his details.

Visited by Attorney  
Mr. McCormick issued the statement at his home, the old Cyrus Mc-

Cormick mansion at 675 Rush street. Apparently he lost no time following his decision to strike back at the newspapers, for later in the day he was visited by an attorney, who remained for a considerable time in his home with him. In the afternoon he was reported to have left his home, and at an early hour in the evening he had not returned.

Phone Wires Tapped  
That the telephone wires into the Rush street home had been tapped was officially reported to the Chicago Telephone company during the day by Inspector E. O. Swanson.

Telephone tapping is a criminal act. Whether the telephone company expects to take any action in this direction is not yet known.

Inspector Swanson, with three retainers and three "trouble chasers," conducted the inspection, following which he stated that the wires were tapped at a junction box at the top of a telephone pole directly opposite the McCormick garage in Huron street.

Report that the wires were tapped was made to the telephone company by Albert Morrell, personal butler to Mr. McCormick. He reported that certain conversations over the wire to and from the home were constantly becoming public which could not have become public in any other manner.

## Talking About "Jewels"

THE value of a watch isn't in the number of jewels it contains, but in the watchmaking skill and care that built the movement.

A Waltham seven-jeweled watch once excelled in competition for performance the finest watches in the world.

A Watch may have many jewels in its "works"—but if the "works" are not put together and inspected with the utmost skill, the jewels will not help the time-keeping.

Jewels are helpful to dependability, but other factors are tremendously important.

This fifty-five dollar Waltham Colonial Series, Catalog No. 235, is a watch that will give you a life-time of service because through and through it is built to that watchmaking standard which has given to the name "Waltham" a standard of excellence that is world-respected.

Ask your jeweler to show you this fine time-keeper. He knows how good it truly is.

for Burlington Road at Ge-  
noa Falls off Houseboat

The funeral of William Powell, formerly an operator for the Burlington road at Genoa, was held Wednesday at Genoa. Powell was drowned Saturday night or Sunday morning in the river at Genoa.

He and two companions were living in a houseboat. Saturday night the three remained in town until late in the evening and left together for the houseboat. Sunday morning when Powell's companions awoke, they missed Powell. Search revealed his body floating in the water a short distance from the houseboat.

## POLITICAL SITUATION IN WISCONSIN COMPLICATED BY WEEK'S DEVELOPMENTS

MADISON, Wis.—The political situation in Wisconsin is in a jumble as a result of developments during the present week, politicians here assert.

With new elements thrown into the gubernatorial contest by alignment of forces among the Democrats as well as among the Republicans, this most important of the state political fight of the year is puzzling the leaders of both parties.

While Mayor A. C. McHenry of Oshkosh was announcing his candidacy for governor on a wet platform calling for modification of the Volstead act, the Democratic party set about naming two candidates for the office, one wet and one dry, to create a contest which is intended to hold the voters of that party together.

The importance of this situation is said by leaders of both parties, to lie in the fact that Attorney General William J. Morgan is receiving support of the Anti-Saloon League as the dry candidate for chief executive of Wisconsin, and Gov. J. J. Blaine is being opposed by the organized drags. These are the two organization candidates for nomination at the Republican primaries.

During the campaign of 1920, Mayor McHenry as a candidate for the U. S. Senate polled 50,000 votes and is credited with having caused the defeat of James Thompson, the La Follette candidate. It is freely admitted among his own followers that Governor Blaine's candidacy will be affected by the McHenry campaign.

Here Democratic situation is said

to have an important bearing, because the Democrats who usually have largely voted at the primaries of the Republican party instead of their own, and for the anti-La Follette candidate, now have a wet and dry contest in their party which is expected by the leaders to hold the voters within the fold this year.

Mayor A. A. Bentley of La Crosse will represent the wet element in the Democratic party as its candidate for governor and Carl Mahe of Wausau will represent the drags as gubernatorial candidate.

Political leaders say that in view of the usual political alignment in Wisconsin this raises the question whether the wet vote drawn by Mayor McHenry from Governor Blaine's following, will not be offset by the contest within the Democratic party which is expected to hold Democrats within party ranks, instead of throwing their support to an anti-La Follette candidate.

While the wet and dry issue has been emphasized by announcements of candidates in the gubernatorial campaign and by the activities of the anti-saloon league, the regular division between La Follette and anti-La Follette candidates and principles will hold the most prominent place in the contest preceding the primary.

Elements have been injected into the campaign which politicians say insure a lively battle up to the day of the primary, with the outcome in doubt. Leaders are now looking to

the campaigning of the candidates for the next move which will have an influence on the voters.

## The Debt of the State

DO you know that an association of small colleges in Wisconsin is taking thousands of high school graduates every year and returning them four years later trained men and women?

More than fifty percent of the college students of Wisconsin are enrolled in the small colleges of this state. Year after year these schools are doing their work with an efficiency and vigor which demands definite approval of the citizens of Wisconsin.

Since 1846, when the first of these colleges was founded, a steadily increasing stream of capable, strong characters has been spreading all over the state and section. Today you are asked to support these schools, not only with your financial resources, but by sending to them the best young people of the state.

YOU'LL prefer these richer wafers. They're crisper and thicker than other sugar wafers. Creamy-sweet centers—doubly-deep—with crunchy waffle wafers. A deliciously different delicacy that dissolves into a delectable new taste.

Don't serve ice cream, fruits or summer refreshments without Robertas. They're always "in perfect taste". The better dealers sell them—in five-cent pocket-packages, small tins or by the pound. Ask for "Johnston's Roberta Sugar Wafers".

### Recipe for Roberta Dessert

1 pt. strawberries, 1 cup white grape juice, 6 eggs, 12 cup sugar. Sweeten berries and set aside. Beat yolks of six eggs light, add sugar and stir in grape juice, gradually. Place in double boiler, cook a few minutes, stirring constantly until it coats the spoon. Set aside to cool.

Place in a dish a layer of strawberries and custard alternately until dish is full. Cover with stiffly beaten whites of eggs. Brown lightly in oven.

Serve with Johnston's Robertas.

# NAVY DISARMAMENT PACT APPROVED BY JAPANESE COUNCIL

Treaty is Submitted to the  
Prince Regent for Rati-  
fication

RATIO OF SHIPS IS DECLARED  
DISADVANTAGEOUS TO JAPAN

No Fault Found With Japanese  
Delegates, However

TOKIO.—By The Associated Press.  
—The privy council passed the na-  
val treaty adopted at the Washing-  
ton arms conference and submitted it  
Thursday to the prince regent for ratification.

The council's approval included the provisions against poison gas and the clause restricting submarines. Viscount Ito, reporting for the council's investigating committee, said the committee found the ratio of ships apportioned to Japan disadvantageous to the empire and requested the government to use greater care in the future.

The committee of the privy council, however, found that the Japanese delegates at Washington were not at fault in failing to make better terms. From a spirit of respect for the Washington conference in its desire to maintain the world peace, the committee recommended ratification without amendment.

**CONSERVATIVE JAZZ  
KEYNOTE OF MEN'S  
CLOTHES NEXT FALL**

PHILADELPHIA, Pa.—"Conservative jazz" will be the popular motif in men's clothing for next year, according to an edict of the International Association of Clothes Designers in convention here.

A number of the designers apparently are determined that knickerbockers for men shall come into more popular use not only on the golf course and in pursuit of other recreation, but in the business office as well. These men are wearing knickerbockers at the sessions of the convention and are making speeches on the advantages of abbreviated trousers.

"Conservative jazz" clothes, it is understood, will fit rather snugly but will not be considered extreme style.

An innovation which the designers are trying to put over is an evening suit for summer wear. This consists of a black mohair tuxedo jacket and white flannel trousers. The designers think this attire will bring their convention to a close next Saturday night.

**FAVORABLE REPORT  
ON RIVERS BILL IS  
ORDERED IN SENATE**

WASHINGTON, D. C.—The senate commerce committee Thursday ordered a favorable report on the big rivers and harbors development bill after adding to the house measure more than a score of amendments to authorize development of surveys.

Numerous projects as well as new surveys were ordered for the Mississippi river, including a survey of the west bank of the river to determine the practicability of a harbor at St. Paul, Minn.

In addition to the authorizations for developments carried by the house bill, the senate committee accepted the following:

Petstok Harbor, Michigan, general harbor improvements.

Cheyboygan, Mich., with a view to dredging harbor to a 16-foot depth, State Street bridge to Elm street.

## WOMAN DRIVER IS HELD ON CHARGE OF MANSLAUGHTER

Owner of Car in Which Kenosha  
Man Was Killed is Freed;  
No Proof of Drinking

KENOSHA, Wis.—Norman Weiss, wealthy Chicagoan, was freed of manslaughter charges in connection with the death of Deputy Sheriff Jacob Kuel, when the charges were dismissed by Judge Slater in the municipal court late Wednesday afternoon after a six-hour preliminary hearing. Weiss was owner of the automobile which turned turtle resulting in Kuel's death.

Mrs. Mary Robbins, former Follett beauty, also of Chicago, and the driver of the death car, is out on bonds on a manslaughter charge. Her hearing was continued until July 12. Efforts of the prosecution to show that the occupants of the car had been drinking were not substantiated by witnesses.

**UNION AID RAIL CHIEFS  
CALLED TO MEET FRIDAY  
AS STRIKE CALL GOES OUT**

(Continued from page one)  
Railroad and Pullman shops in the United States.

Letters of instruction regarding the progress and conduct of the strike were being prepared at general headquarters here today and were to be mailed out tonight.

**Issue Clean Cut**

"The issue is clean-cut with no strings attached," said B. M. Jewell, president of the railroad union section of the American Federation of Labor. "It is up to the railway executives at their meeting today. They can stop this strike today or tomorrow, but after Saturday at 10 o'clock it is all off."

The general committee of ninety general chairmen were on the way to their homes to take active charge of the strike. A sub-committee remained at headquarters to direct operations.

**Pay Cut Effective Saturday**  
The impending walkout makes Saturday a momentous day in the railroad world. On that date the \$300,000,000 cut in freight rates ordered by the interstate commerce commission becomes effective simultaneously with a slash of \$135,000,000 from the wages of railway workers ordered by the United States railroad labor board. The pay of the shommen was cut \$60,000,000.

Officials anticipated news of further strike orders to maintenance of way employees upon completion of the canvass of their strike vote at Detroit.

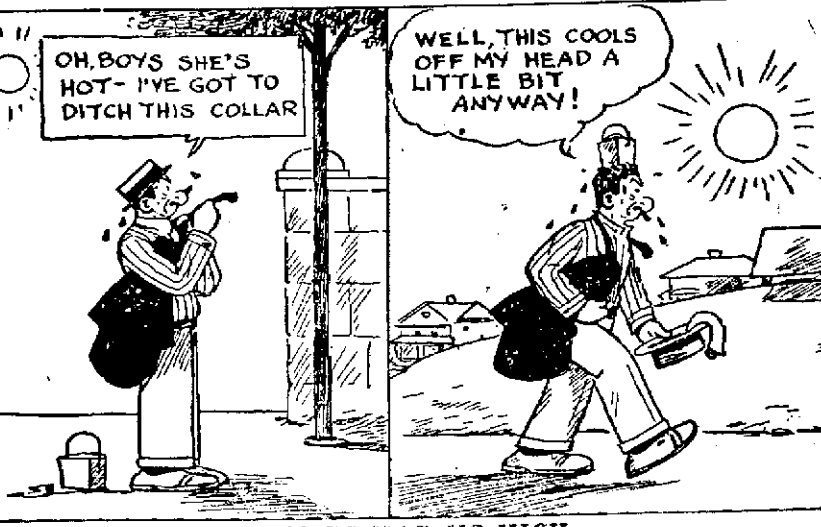

**Service Employees Not Affected**  
In spite of the impending walkout from the shops and the tracks, rail officials declared transportation would continue to move, because train service employees who constitute the "Big Four" brotherhoods, switchmen and telegraphers, are not parties to controversies over wages and working rules.

The shommen's strike is in protest to the wage reductions, the abolishment of rules by the railroad labor board and the farming out of shop-work to contractors. Maintenance of waymen ballotted solely on the wage reduction.

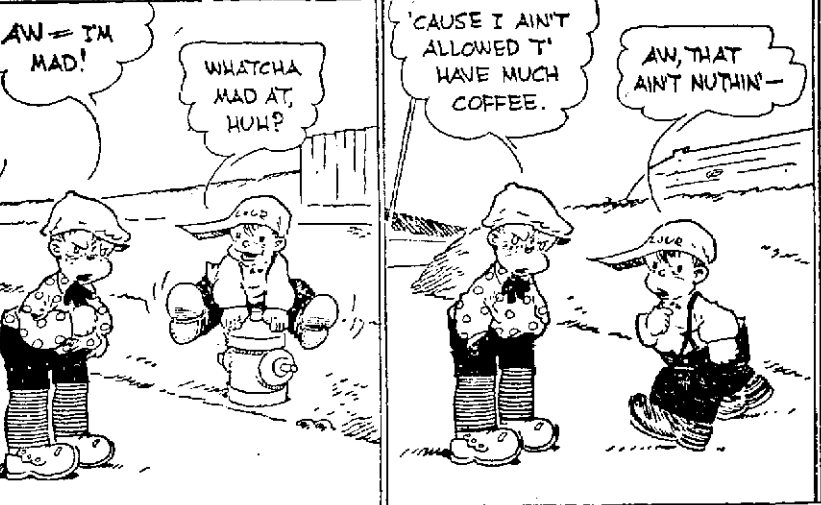

It was a coincidence that the Association of railway executives called a meeting here today, according to rail officials. The meeting was called two weeks in advance of the ultimatum by R. M. Jewell, head of the shop unions, for a conference principally on contracts with the American Railway Express company.

The strike situation, however, made the meeting all the more important. Rejection of Jewell's ultimatum that the roads ignore the labor board's wage cut decisions and restore abolished rules governing working conditions was certain, it was said, rail officials declaring that

## WISCONSIN CHEESE MAKERS MUST MEET STATE STANDARDS

MADISON, Wis.—Cheese makers of Wisconsin must comply with the state grading law, as with the state law establishing standards of moisture, the attorney general decided Thursday. His opinion has been accepted by the marketing department through Alvin C. Reis, its attorney.

Compliance with the grading statute which establishes "Wisconsin Fancy" and "Wisconsin Grade 2" brands of cheese, in no way relieves the cheese maker from liability under the excess moisture law for dealing with cheese which contains more than the amount of moisture legally permitted, Mr. Reis said.

"I conclude," he advised cheese makers, "that the standards and regulations of the departments must be applied to all American cheese, regardless of whether that cheese is being marketed in conformity with the moisture law or in disregard of it."

**RE-LOCATION OF  
EASTERN HIGHWAY  
ORDERED BY STATE**

MADISON, Wis.—Re-election of state trunk highway 20 west of Janesville was made by the Wisconsin highway commission today subject to approval by the Rock county board.

The new road, eliminating eight railroad grade crossings, will go out Pleasant street, Janesville, to Footville, then from the southwest corner of Section 5 of the Town of Plymouth to Oxfordville by the most practical route on the north side of the railroad track to connect with the present highway at the southwest corner of Section 15 of Spring Valley.

The village of Hanover will be taken from the state trunk highway system by the relocation and the village of Footville placed on the road.

**MINE PROPERTY IN  
COLORADO DAMAGED

**MILWAUKEE AGENTS  
SEIZE TRUCK LOAD  
OF COLORADO ALKY**

MILWAUKEE, Wis.—A truck containing fifty gallons of colored alcohol and thirteen cases of aged Moselle wine, valued at \$500 a case, was seized Wednesday night by state and federal prohibition agents at Seventeenth and Cherry streets. It was announced Thursday. The seizure followed a raid on the home of Charles Kirch, 1504 Walnut street, to which the truck was going at the time it was seized, according to the agents. The truck, worth about \$6,000, is being held.

## CHURCH VACATION SCHOOL DRAWING GOOD ATTENDANCE

The church vacation school at the Baptist church continues to grow in interest and enthusiasm. It is now in its third week, and it is the best week thus far. Reports have been received that the school is the one of the largest vacation schools in the state. Just to see the children as they gather each morning is a proof of the joy and happiness radiating from the school.

Last Saturday the whole school went to Copeland park for their picnic. Some went in autos and others on the street car. A lively game of ball was enjoyed, volleyball was played and many other enjoyable things were done. Then the school went up to the home of Mr. and Mrs. J. B. Charlesworth on Ayon street, who served them with ice cream and cookies.

The school will continue through the 7th of July. A big demonstration is planned for that night, and a picnic to follow it the next day. The amount of Bible knowledge being stored away is almost unbelievable. The school is open to all the children of the city and each one will be welcomed.

Mrs. Josie Hulseher was given a divorce from Sophia Hulseher. They live in Vernon county. Mrs. Hulseher, who is a minor, charged her husband with cruel and inhuman treatment. The court appointed J. Henry Bennett of Virgonia, guardian ad litem for Mrs. Hulseher pending the action in court. Actual signing of the decree was withheld, pending the report of the divorce counsel of Vernon county.

**WISCONSIN POWER  
FIRM TO PURCHASE  
EASTERN CONCERN**

MADISON, Wis.—The Wisconsin Power, Light & Heat company was Thursday authorized to purchase the common stock of the Eastern Wisconsin Electric company, by a railroad commission order. Purchase will be effected by the issuance of \$600,000 preferred stock to take over \$700,000 common stock.

The Eastern Wisconsin Electric company owns street railway and electric light systems in the Fox River valley and is one of the large utility corporations of the state. Its consolidation with the Wisconsin Power, Light and Heat company is the largest transaction within the state for some time the commission reports.

**BASEBALL BRIEFS**

The St. Louis Browns took advantage of the chance to increase their lead by trouncing Cleveland 9 to 0 after twice falling by the Indians, the White Sox won their second straight from the skidding Detroit Tigers and went into undisputed possession of third place. The Chicagoans are only a game behind the Yankees. Cal's men are handicapped by the absence of their star center, Harry Heilmann, who has a wrenched shoulder.

Cy Williams smashed out homer number eleven and Casey Stengel added another one to his list while the Giants and Phillies split a double-header. Incidentally, there were the only circuit blows registered in either league.

The Boston Braves knocked Vance out of the box and ended their long streak by nailing out Brooklyn, 5 to 4, while the Pirates climbed back to fourth place after taking another from Chicago, 7 to 2.

## PIONEER STORE HAS BIG BUSINESS ON THE OPENING NIGHT

Crowds Enjoy Varied Attractions Offered at Pioneer Hall for Four Nights

The Pioneer Store at Pioneer hall, Fifth and Market streets, got away to a big start on its opening night Wednesday. The store is being conducted by the members of the Pioneer club to raise money with which to pay off the outstanding debts on the hall and to judge from the amount of business done Wednesday night, their hopes will be realized.

The hall was thronged with people shortly after the opening of the store, and the crowd kept coming until it was fairly jammed. The country store feature set up in the gymnasium, was a big attraction. It was there that one might secure any article under the sun from bed room slippers to savings bank accounts.

On the second floor were the candy vendors and the dancing attractions. Roor's orchestra furnished the music for the dancing, which was free on the opening night.

The store will run until Saturday night, when the activities will be fittingly ended with a grand ball.

At intervals during the evening valuable articles were given away. Without doubt no similar undertaking has ever attained the magnitude of Pioneer Store. The splendid assortment of merchandise appealed to the visitors, who eagerly snapped at all offerings.

At 10:30 the big prize of the evening was given away, a \$23 savings account in the Bataavian National bank. Mrs. Fred Gerde, 320 Mississippi street, was the recipient.

Mrs. Cora Berg received a pair of ladies' silk hose and W. R. Young was the happy possessor of a box of Monna Vanna cigars when the store cleared away.

While the older people were busy engaged in bargain hunting the younger element was enjoying the dancing in the big hall.

For tonight many exceptional bargains are offered, and a repetition of last night's huge crowds is anticipated.

## PHILS AND GIANTS SPLIT DOUBLE BILL, 8-5, 8-3

Pirates Concentrate Attack and Beat Cubs, 7 to 2

BOSTON.—Boston broke its losing streak on Wednesday and defeated Brooklyn, 5 to 4. Four hits and an error enabled the Braves to make four runs and tie the score in the eighth. Two single, a double and a pass sent over the winning run in the ninth with one out. Score: Boston, 5; Brooklyn, 4. Batters: Boston—Vane, Mammox and Leary; Brooklyn—McQuillan, Watson and O'Neill.

PHILS, 8-3; GIANTS, 5-8. NEW YORK.—Philadelphia and New York divided a double header on Wednesday, the visitors winning the first game, 8 to 5, while the Giants took the second game, 8 to 3. The Quaker battery, Meadows and Reine, was put out of the first game for disputing a decision by Umpire Scutella. New York lunched in the second game off Singleton and Winters, while Ryan held Philadelphia safe after the first inning. Score: Philadelphia, 8; New York, 5.

First game: Philadelphia, 8; New York, 5. Batters: Meadows, Winter and Reine; Pirates: Barnes, Caskey, Johnson and Smith, Snyder. Second game: Philadelphia, 8; New York, 5. Batters: Singleton, Winters and Peterson; Ryan and Snyder.

Pirates, 7; Cubs, 2. CHICAGO.—Pittsburgh concentrated its attack in the sixth and seventh innings on Wednesday, driving Aldridge off the mound and capturing the attack on Osborne, and easily defeated Chicago, 7 to 2, in the final game of the series. The game was halted for one minute at 4 o'clock while all the players, officials and spectators bared their heads and stood at attention for Mrs. Len Small, late wife of the governor of Illinois, who was buried on Wednesday. Score: Pittsburgh, 7; Chicago, 2. Batters: Hamilton and Goch; Aldridge, Osborne, Jones and O'Farrell.

## NELSONS AND MONTAGUES STAGE FOURTH OF JULY GAME AT COPELAND PARK

A record attendance is expected to witness the first clash of the two local baseball clubs when the Nelsons and Montagues put on a special Fourth of July attraction at Copeland park next Tuesday afternoon. Lineups have been submitted by both clubs, all arrangements are complete for the first contest to test the strength of teams who have been entertaining fans at Copeland this season. Gundersen and Schultz have been selected as the opposing hurlers for the big Fourth of July fest. There are three intervening games before the contest here on the Fourth.

The Montagues meeting Viroqua here Sunday afternoon, while the Nelsons battle Big Ben and his gang of Kickapoo leaguers tonight, Thursday, and Whitehall on the latter's diamond Sunday. Following is the personnel of the teams submitted by the managers of both teams: Montagues—Haley, Fitzke, Allen, Jousrud, Moore, C. Weigert, J. Weigert, Safford, Franzini, Gundersen, Viens, Dean. Nelsons—Satek, St. Roman, Wolf, Smith, Schaffer, Johnson, E. Freng, Beranek, Klanrud, Shields, Krause, Schultz.

## ENDRES RESIGNATION FORMALLY ACCEPTED AT MADISON SCHOOL

Name of Alvah Elliott Continues to be Mentioned as His Successor

BY BOB DUNN. The resignation of Otto Endres as coach of the Madison high school athletic teams has been formally accepted by the board of education in the Capitol city but no successor has been named to the former La Crosse man. The name of Alvah Elliott continues to be mentioned prominently in Madison in connection with the job but Elliott stated to the writer yesterday that he did not want the position, that he was seriously considering an offer made him to coach the high school teams at Eau Claire and act as physical director there. Endres is reported to have a similar offer from the Oshkosh authorities.

## BASEBALL BRIEFS

CHICAGO, Ill.—By The Associated Press.—Walter Johnson, "spoke ball" king of the Washington Senators, will have no difficulty reaching the goal of 100 shutouts for his big league career at the pace he is now maintaining. He registered his third straight shutout of the season and the 97th of his sixteen years' service in the majors when he blanked the Yankees 1 to 0 in a thrilling duel with his youthful rival, Waite Hoyt.

John Collins with four bingles led Boston to victory over the Athletics, 4 to 2.

Umpire Owens sustained a bad contusion and the ligaments in his left side were torn when he was struck by a foul tip from outfielder Veatch's bat in the fourth inning of the Chicago-Detroit game this afternoon. Owens will be out of the game for possibly two weeks it was said.

## KARR HOLDS MACKS TO 7 HITS AND RED SOX COP

Johnson Scores Third Successive Shutout, 1 to 0

DETROIT.—The Chicago White Sox gained undisputed right to third place in the American league standing on Wednesday, winning from Detroit, 4 to 1. Leverett held Detroit to three hits, Collins' error in the ninth inning saved Detroit from a shutout. The Tigers still were without the services of Heilmann, who is nursing a strained shoulder. Score: Chicago, 4; Detroit, 1. Batters: Chicago—Leverett, Schalk, Oldham, Olson and Bassler, Manion.

Red Sox 4; Macks 2. PHILADELPHIA, Pa.—Karr held Philadelphia to seven scattered hits on Wednesday which enabled Boston to score a 4 to 2 victory, and get out of last place. John Collins, with four hits, including a triple and doubled the Red Sox' attacks. Score: Boston, 4; Philadelphia, 2. Batters: Boston—Karr and Ruel; Hasty, Yarrison and Perkins.

Senators 1; Yanks 0. WASHINGTON.—Johnson bested Hoyt in a pitching duel on Wednesday and Washington defeated New York 1 to 0. Shanks scored the lone run in the ninth on his single. Brown did not issue a pass and fanned nine. McNally and Finn alone of the visitors escaping. It was Johnson's third successive shutout and the ninety-seventh of his career. Score: Washington, 1; New York, 0. Batters: Washington—Hoyt and Hoffman; Johnson and Picinich.

Browns 0; Indians 0. CLEVELAND.—After losing the first two games of the series, St. Louis defeated Cleveland on Wednesday, 9 to 0. Kulp was unusually effective and Cleveland threatened to score but twice. The Browns hit the Cleveland pitchers hard and the latter were loosely supported. Score: St. Louis, 9; Cleveland, 0. Batters: St. Louis—Kulp and Severoid; Edwards, Morton, Uble, Keefe and O'Neil.

FRIENDLY rivalry, wild pitches and a total of 17 runs featured a thrilling "game" of outdoor-indoor baseball played Tuesday evening and night by the Northern Breezes from the Northern Engraving company and the Speedy Tranes from the Trane company at the Twelfth street playground. The Tranes won, 9 to 5. The Speedy Tranes were not up to par, this being but their second game yet they had no difficulty in annexing 9 of the 17 runs. At the end of the game an alert "Trib" news "hound" heard a player from the Speedy Tranes chanting the following chanson:

## YES, THERE IS A BIG DIFFERENCE IN GASOLINE

And the difference is very apparent in the action of most motors, but the blame is usually laid on the spark plugs or the carburetor. Just keep these facts in mind. A motor makes from 1,200 to 3,000 revolutions per minute. That's pretty fast work.

When a low grade of gasoline is used, one that is not volatile and pure, it does not respond to the spark quickly enough. The stroke of the piston is over before it ignites. This unconsumed gasoline is then thrown off through the exhaust—and much of it often slips down past the piston rings into the crank case. Result—wasted gas, decreased power, missing motor and poor oil.

You will learn the difference in gasoline and get the most from your motor the very minute you commence using

### WHITE ROSE GASOLINE

Yes—there is a difference in gasoline and a BIG difference.

Try WHITE ROSE GASOLINE today and let your motor tell the story.

### EN-AR-CO MOTOR OIL

En-ar-co Motor Oil has the "body" to hold up and withstand the greatest heat any motor will develop, retaining at all temperatures its cushioning properties, which are essential to prevent friction and insure a smooth running motor.

En-ar-co Motor Oil has greatest adhesive qualities. It forms a seal around the pistons which tends to prevent excess oil from accumulating and forming carbon on cylinder head and plugs.

### EN-AR-CO GEAR COMPOUND

The power that actually drives your auto is transmitted to the transmission, differential and gears. Why put a "drag" on these important parts by using low-grade grease? Where gear meets gear, a grease of proper "body" and clinging properties is needed to prevent metal to metal contact. En-ar-co Gear Compound does this.

## "THE SEVENTH DAY" IS LIFE'S "PUT AND TAKE"

"Put and take," with the emphasis on the take, was Patricia Vane's idea of life. Patricia had gone on a yachting party with a typical metropolitan gang. Off the Maine coast the engines broke down and it meant a seven day rest while they were being repaired. Patricia met John Allen, young New Englander who owned his own fishing schooner and believed in the simple things of life. He was a character she had never met before and intensely amusing in his quiet ways, without intending to be so. To her it was just a frolic but the boy took it all in deadly earnest.

Such is the situation that brings two opposing currents to a clash in "The Seventh Day," the picture starring Richard Barthelmess, which comes to the Majestic Theater on Friday and Saturday as a First National attraction.

## DRAMA OF DISHES AND DISCONTENT

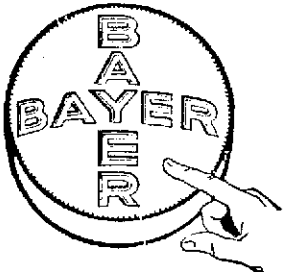

A firm believer in the theory that a characterization must be attractive and convincing in itself before any participation in a plot means anything, John M. Stahl has woven an effective plot of fascination about his actors and actresses in "The Song of Life," a Louis B. Mayer offering through First National, which comes to the Rivoli Theater today for three days. The characters are types that stand out as distinctive but not eccentric figures, and in his direction Mr. Stahl has made them natural, true-to-life folks, flavored with just enough of the unusual to sustain keen interest.

Georgia Woodhorne's portrayal of Mary is the pivot about which the theme centers. In the opening scenes she is seen as a young wife upon whom the methodical drudgery of domestic life begins to pall.

Twenty-five years later she is an old white-haired woman, repentant of her youthful folly in leaving home and sadly wise for the bitter experiences of life. A cruel fate places her near her son but prevents her from making herself known to him.

## "MY OLD KENTUCKY HOME" AT THE STRAND THEATRE

The sun is expected to shine brightly today for "My Old Kentucky Home," will be at the Strand Theater.

The picture tells a beautiful Southern story of mother love replete with homely sentiment. It has an all star cast headed by Monte Blue, one of the country's favorite screen actors, others in the all star cast are Sigrid Holmquist, Lucy Fox, Julia Swayne Gordon, Arthur Carey, Frank Currier, Matthew Betz and Billy Quirk. The story deals with the romance of a young man who has been unjustly imprisoned and who is fearful lest his mother learn he has been in prison. For that reason he does not go home but when he hears the strains of "My Old Kentucky Home" coming from a street organ, his spirit is revived and instead of plunging into the underworld he heads for home.

## "SHADOWS OF THE SEA" AT THE RIVIERA TOMORROW

When the new Conway Tearle feature, "Shadows of the Sea," begins an engagement at the Riviera Friday local patrons of the screen will see one of the most perfectly and impressively cast pictures ever produced. In addition to the cast of principals appearing in support of the star there has been assembled one of the most remarkable collections of marine "types" ever seen in a motion picture, including practically everything from the jolly young "tar" to the sullen old "salt."

"Shadows of the Sea" is a maritime adventure story replete with action and love interest. Lovely Doris Kenyon is the heroine.

## Why Women Have Been Denied Pure Soap!

By JANE LEE

It may seem peculiar that laundry soap makers have never until recently made a bar for us women that gives the same results in washing our clothes that fabric manufacturers obtain in washing their new materials. One reason is that in our naturally thrifty way we women demanded as big a bar of soap as we could get at a low price as possible. To please us the soap makers gave us the size and price we wanted but had to mix "filler" with the soap to make up size and weight.

"Filler" is nasty water glass made from sand and other substances. You rub it into the material when you think you're rubbing out dirt. There "fillers" rot the materials or the water glass crystallizes when the clothes dry out and cuts the threads. Doubtless you've noticed strange little holes in your linens and thought they were from weevils.

Fabric makers wash with olive oil soap. They know there is nothing like olive oil to whiten and soften fibers and protect colors. But olive oil is too expensive to be put into common laundry soap unless the soap maker can buy and convert it in huge quantities and so get the cost down low enough.

Well, that's what The Protective Co. has done. Their new, large bar of GREEN ARROW laundry soap contains palmita and rich olive oil. It is the most economical on the market even at a cost of ten more. For being all soap, no "filler," it goes about twice as far as ordinary laundry soap which is only 10 to 15 soap. GREEN ARROW is green because of the olive oil, not coloring.

Ladies! I promise if you use GREEN ARROW Soap for a month you will be well rewarded.

## ELAINE HAMMERSTEIN AT THE CASINO THEATRE

The Selznick company sprung a surprise on local theatregoers at the Casino Theater yesterday with Elaine Hammerstein in "Reckless Youth." In its general nature, the photoplay is a modern society drama. The surprise came when there was screened a tremendous "after" which would do credit to a production of the pure melodramatic class. A collision between an ocean going yacht and a big liner is shown with a glee of realism that fairly raises the spectators from their seats.

Niles Welch appears in leading support of the star, Myrtle Tedman, Louis Trussing and Frank Currier are prominently listed in the cast.

# FORTY THOUSAND FOR FISH RESCUE PLANT THIS YEAR

John J. Esch Says that Bureau  
Will Build Attractive  
Station Here

For the fiscal year starting July 1, 1922, there will be available for construction of the fish rescue station to be erected by the government in Riverside park here the sum of \$40,000 according to a letter from John J. Esch, member of the Interstate Commerce Commission.

Enclosed was a copy of the appropriation bill passed by the house. The bill follows:

Bureau of Fisheries. For the establishment of a fish-rescue station on the Mississippi River at a point to be selected by the Secretary of Commerce, construction of buildings and ponds, and for equipment, fiscal year 1923, \$40,000.

Fish-rescue station, Mississippi River Valley: District supervisor, \$2,500; superintendent, \$1,500; two field foremen at \$1,200 each; four fish culturists at \$800 each; engineer, \$1,200; clerk, \$1,200; two coxswains at \$720 each; two apprentice fish culturists at \$600 each; in all, fiscal year 1923, \$15,280.

The letter from Mr. Esch follows: "On Friday of last week the House passed the deficiency bill containing the enclosed items relating to the rescue station. You will notice that the bill carries \$40,000 for the fiscal year which begins July 1st and ends June 30, 1923. The appropriation for the rescue station contained in the separate bill carried \$15,280. It is thought that \$40,000 will be all that will be necessary to expend during the coming fiscal year and that the additional \$24,000 will be appropriated for the following year to complete the plan. It will also be noted that the bill carries the appropriation for personnel showing a total payroll for the fiscal year 1923 of \$15,280. The deficiency bill is now in the Senate and is expected to pass that body before July 1st.

"I voted with much satisfaction

that the Common Council had granted the use of the north 250 feet of Riverside Park as a location for the rescue station. This will admit of making the rescue station an object of interest not only to our own people but to visitors in La Crosse as well. I feel certain that the Bureau of Fisheries will design buildings appropriate for the location. That the grounds will be kept up in fine shape goes without saying."

WASHINGTON.—Final action was taken on the naval appropriation bill which now goes to the president. It carries appropriations of \$289,000,000 and provides for \$5,000 enlisted men.

## GOAT FARMING IS GROWING INDUSTRY IN SOUTH WISCONSIN

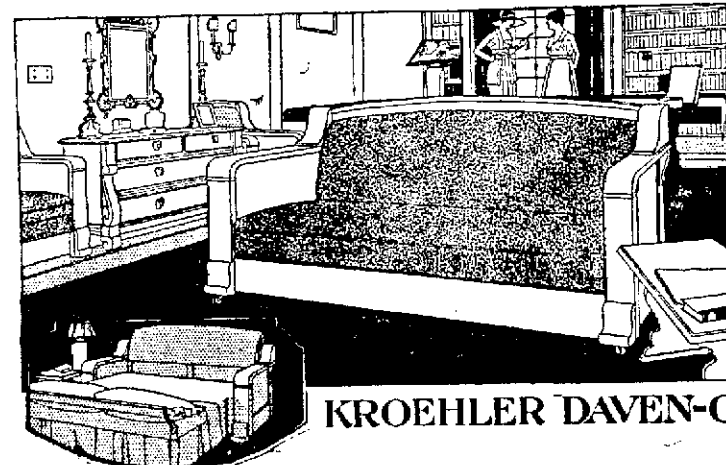

MADISON, Wis.—Goat farming is becoming an important industry of southern Wisconsin, according to records which have been received at the Wisconsin college of agriculture. The industry however, had its inception 20 years ago when A. R. Hall, Dunn county, prominent progressive leader, had a herd of goats on his farm in Dunn county. Mr. Hall's farm was at

Knapp and his pure bred goats at that time attracted wide attention. The development of the goat industry in the state of California has attracted such wide attention because of the commercial possibilities that upwards of a score of farmers of Wisconsin

have now introduced goats and several farms are devoted almost exclusively to goats. At the time that Mr. Hall had his goat farm in northern Wisconsin he argued before legislature

## Educate Your Boys Yellowstone Park

There's real education in a trip to Yellowstone Park — for youngsters and grown-ups, too. In addition to geysers, the Grand Canyon, fossil forests, wild animals, and over 150 species of birds — there is also Camp Roosevelt Forest and Trail School for Boys. Here youths under 17 revel in the romance of the Old West, enjoy healthful life in the open, and find material for entertaining interpretation of geology, zoology, botany and forestry.

## Northern Pacific Ry.
